## Giving Back Green

Heroes Unite is excited to announce its community-based project, GIVING BACK GREEN (GBG). Our *Green Carpet Grand Opening Event* for the Dragon Garden, and its affiliated program at the Enchanted Park, in North Miami on December 12, 2009. The City of North Miami Mayor Pierre, City officials, local business members, and the community came out to show support. We look forward to many years of growth and service.
