

ELEMENTARY SCHOOL

Sept. — May

SUSTAINABLE GARDENING
ECO AWARENESS
NUTRITION

Field trips to the garden sites for elementary schools will include hands-on eco experiences and nutrition workshops delivered by professionals in their field. Public school teachers are welcome to use field trips to integrate science and health curriculums. Open to the community on "Family Days".

MIDDLE & HIGH SCHOOL

Year Round

ENTREPRENEURSHIP
FILM MAKING & MARKETING

Serious students are selected to learn the business, technical and artistic components of social documentary, producing a marketing piece for the Cities Initiative, "Green North Miami".

HIGH SCHOOL, COMMUNITY & FAMILY

Sept. — August

COMMUNITY SERVICE
VOLUNTEERISM
MENTORING

Students fulfill required community service hours engaging in garden development and maintenance while exploring "green" career opportunities. Industry professionals mentor youth and conduct workshops and lectures for the community, groups, schools and families on a variety of environmental topics.

UNIVERSITY PARTICIPATION

Year Round

J & W
F.I.U
BARRY
A I

Universities will offer their expertise as they utilize the garden, aligning curriculums that interface with our youth and community services. University input and presence will build a tangible bridges towards higher education for local youth and impact gang activity.

ARTISTS OF ALL AGES

Sept. — August

ENVIRONMENTAL ART
ART GALLERIES
GUEST ARTISTS

Young artists will be mentored by recognized environmental artists to create art pieces made of recycled material for public exhibition on and around the garden sites. Guest artists, workshops and presentations will contribute to a "Green Scene" for the community.

GREEN FARMERS & ART MARKET

Sept. — August

FAMILY CO-OPS
GREEN MARKET
ART MARKET

Selected families will be instructed in edible gardening, creating their own produce while offering a percentage to the market. Sale of art and produce will return all proceeds to sustain the garden.
